Board to Seek Sera Approval Of Relief Plan

County Participation Set at Only 25% In Proposal

Approval by the State Emergency Relief Administration of the reduction in the participation by San Mateo county in relief activities of from 40 per cent to 25 per cent will be sought at once, the supervisors decided today, after the matter was called to the board's attention by Controller Edward M. Stack.

San Mateo county supervisors recently arbitrarily reduced the county's participation and must now secure the approval of B. D. Northrup, acting director of SERA.

The SERA, program calls for the expenditure of $1,065,960 on job relief activities during 1934-35.

At first the county's share was set at 40 per cent and the state's at 60 per cent. Now the county plans to provide only 25 per cent and hopes the state will approve carrying 75 per cent.

The purpose of forwarding the information to Northrup is that a new workable plan can be provided which will not impair the unemployment program.

Stack is seeking approval of the plan as of September 1.

The board, upon motion of Supervisor Albert Witt, Colma, seconded by Supervisor John Poole, Redwood City, instructed District Attorney Edmund Scott to draw up the proper resolution for forwarding to Director Northrup.

PEDRO GUERRERO, AGED COAST RECLUSE, DIES

Pedro Guerrero, the coastside's "old man of the mountains," is dead today at an age of "something over 90."

He succumbed Sunday at the Community Hospital, to which he was taken a week ago from his cabin home in Pedro Valley, in a weakened condition from advanced age.

For many, many years Pedro, a Guam Islander, had lived there as an obscure recluse until he was thrust into the limelight by his trial two years ago for the murder of Maurice Russell, 40-year-old San Francisco advertising man.

Befriended by Coroner J. C. McGovern, whose mother he had saved in a forest blaze 50 years ago, Guerrero was secured the legal representation of Edward Hoffmann and Harrison Call and was acquitted by a jury on December 14, 1932, in the court of Superior Judge Franklin Swart.

These three men, Dr. McGovern, Hoffmann and Call, now are arranging for a requiem mass at South San Francisco for old "Pete" on Thursday and for burial in Holy Cross Cemetery.

Guerrero was a dramatic figure when he took the stand in his own defense in the trial for the fatal shooting of Russell on September 26 near his cabin at Pedro Valley after a drinking party at which were Mr. and Mrs. Russell and Carl Hansen, occupant of another cabin there.

It was with Pedro's shotgun that Russell was slain, but the old man in broken English denied that he had fired it and said that Russell had staggered mortally wounded up to the door of his cabin.

When the jury returned its verdict of acquittal, Guerrero at first had difficulty in understanding its meaning, but when he did, he stood up and bowed low with a wide sweep of his khaki hat with its rattlesnake skin band. A courtroom demonstration also greeted the verdict.

Dr. McGovern then installed him again in another cabin near Pedro Valley. Later he became a resident at the county relief home, but a year ago he left again for his cabin and chickens.

Little is known of Guerrero's past history, except that as far as most residents of the coastside can recall old "Pete" had "always" been living there.

56 CENTS ON $1 IS PAID BY CITY FOR 1915 BONDS

Purchase of $2,999 worth of 1915 street improvement bonds defaulted by property owners at 56 cents on the dollar was approved by the city council Monday night.

The offer was made by V. N. Lundy of Davis, Skaggs & Company, San Francisco bond house. This gives the city $1,000 worth of bonds for $560.

Crowell, Weedon & Company, Los Angeles, offered the council the bonds for 65 flat.

Funds for the purchase will come from the water department surplus. Considerable saving to the city was affected by the purchase, which had the approval of the board upon motion of councilman Paul McCarthy, seconded by Councilman James Eva.

City Tax Rate Fixed at $1.18

Sum Includes $17,374 To Cover Street Defaults

Redwood City's tax rate for 1934-35 was formally set by the city council Monday at $1.18 per $100.

This rate, which is an eight-cent increase made necessary because of assuming $17,374.50 of 1915 street bonds not paid for by property owners, applies to "old town."

"New town" will pay $1.17, and South Redwood and Carmelita Manor, $.948.

The rates include 15 cents per $100 for 1915 improvement bonds, the council reducing costs over last year by seven cents in order to keep the increase to eight cents.

The rates were fixed upon motion of Councilman Robert Jones, seconded by Councilman George McNulty.

Rossi Is Elected Catholic Group President

Amerigo Rossi, local banker and member of the Redwood City Branch of the Italian Catholic Federation, was unanimously re-elected grand president of the Italian Catholic Federation at the concluding session of the state convention held in Hollister yesterday.

Louis B. Dematteis, local attorney, was elected grand general procurator of the same organization and Victor Cananese, president of the local branch, was elected grand trustee.

The state convention was held in Hollister during the past four days. On Sunday a group of about 75 local members participated in the grand parade which was one of the many features of the convention.

On next Sunday, September 9, the Redwood City branch will hold its annual picnic in conjunction with branches from San Francisco and South San Francisco. The affair will be held at the New Portola Park, admission to which is 35 cents.

Livestock Building Site Deed Is Filed

Deed for 55 acres in Visitacion Valley as the site of the proposed San Francisco-San Mateo livestock exposition pavilion was filed today with County Recorder T. C. Rice.

The Ratterree Brothers Company by the deed grant the property to Agricultural District No. 1-A.

Attached is a resolution by the district's trustees accepting the property and setting $25,000 as the amount to be paid the Ratterrees. The resolution also says in part "that any taxes necessary to be paid out of this fund if, as and when donated by the county of San Mateo, that this donation be paid to Mr. Ratterree in order that the amount net to him will be $25,000 less title company expenses."

$100,000 Issue Before Voters In November

County Space Requests To Be Submitted To Electors

Decision to place a bond issue for approximately $100,000 before the voters in the November election to build a $146,000 county office building was reached Saturday by the board of supervisors in adjourned session. The board took this action in order to take advantage of a federal PWA offer of $43,200 as a gift toward the cost of the county structure.

The new office building, which would house offices now scattered over the city and county, would be located on county-owned land adjoining the jail at Middlefield road and Marshall street.

County offices now outside the courthouse include the engineering department, planning commission, building inspector, road department, county superintendent of schools, coroner, public administrator, agricultural commissioner, and others.

In order to clear the way for the county office building and not jeopardize its chances for success, the board decided today to withdraw its request for PWA money to help build additions to the county relief home. This is the third time that the board has taken action on the relief home fund appeal. The plea was rescinded and then remade, and now rescinded again.

The county expected to secure $7000 as a grant toward the development and expected to raise $21,000 toward the relief home project. Plans now call for alterations which are expected to provide the poor farm home with ample facilities for the next five years.

Federal approval has been given for the county office grant and loan, but bonds must be posted as security.

Supervisor Albert Witt during the discussion protested the giving of all county architectural work to Will H. Toepke of San Mateo, whom Witt said described himself as the "county architect."

Upon motion of Supervisor Witt, seconded by Supervisor John Poole, the board ordered that County Executive Walter Kellogg confer with all architects and give them an opportunity to submit plans for the new office building.

Mystery Woman's Dental Chart Broadcast

Charts of the distinctive teeth and dental work of the nude woman, whose dead body was found near the Skyline boulevard at Kings Mountain 10 days ago, are being sent by Coroner J. C. McGovern to all dental association magazines for reproduction in the hopes that a clue of the woman's identity may be discovered.

Although descriptions of the teeth as well as of the woman, as far as possible, have been broadcast over the state by police teletype, no clue that has not collapsed upon further investigation has been received either by the coroner or by Sheriff James J. McGrath.

Dr. McGovern revealed today that a dentist in Coalinga had replied, declaring that he had in his possession a chart of a woman's teeth that checked almost identically with that broadcast from here. However, it was discovered that in the Coalinga case a lower bicuspid had been extracted. The woman found here had both lower bicuspids intact.

While hope is still held that the woman may be identified through the teeth at some time, none is held that the cause of her death will ever definitely be established. Although she is believed to have been murdered, because of the nude condition of the body, the remains were too far decomposed to determine the manner of death.

Swart Strikes at Aid To Runaway Children

Superior Judge Franklin Swart, who has charge of the juvenile division, intends to put a stop, if possible, to any assistance being given to young runaway children.

Upon hearing reports that children running away have been given lifts by truck drivers to cities as far away from the peninsula as Sacramento and Fresno, Judge Swart today directed Probation Officer Francis J. Robinson to make an investigation of any such cases.

He also asserted that in proved cases of that kind the drivers would be charged with contributing to the delinquency of minors.

County's Rate Set at $2.049 By Supervisors

New Rate 3.4 Cents Below Last Year's Tax Figure

The San Mateo County Board of Supervisors Saturday set the 1934-35 county tax rate for both incorporated cities and rural areas at $2.049, a reduction of 3.4 cents under last year's rate of $2.083. No changes were announced in previous rates published recently. The rate was fixed by the board upon motion of Supervisor Albert Witt, Colma, and second of Supervisor Manuel Francis, Half Moon Bay.

San Mateo county's rate is based upon a net valuation of $44,377,065.

Total value of real estate in the county for tax purposes is given by Auditor Edward M. Stack's report as $25,618,865.

Value of improvements is given as $21,651,560; value of personal property, $2,038,225, and credits, stocks and bonds, $7,806,076. The value of railroads is given as $1,184,442.

Rates fixed by the board for specific purposes and making up the $2.049 total were as follows:

Department—	Levy
General purposes	$0.362
Community Hospital	.307
Social Service	.214
Relief Home	.058
Unemployment Relief	.015
Beach Purchase	.023
Jr. College Tuition	.116
Salary Fund	.572
Court House Bond	.01
Court Furnishings	.003
Highway Bonds	.18
Relief Bonds	.032
Planning Commission	.015
1915 Street Defaults	.059
Unbudgeted Reserve	.063
County Library	.02
Total	$2.049

The resolution fixing the county rate also includes school, fire, mosquito and other special rates, some of which are:

Half Moon Bay high school maintenance, 66 cents; Jefferson high, 73 cents; Pescadero, 34 cents; San Mateo, 70 cents; Sequoia, 68 cents; South San Francisco, 75 cents; Belmont, 7 cents special elementary school; Half Moon Bay, 6 cents; Las Lomitas, 28 cents special and 7 cents building; Redwood City, 45 cents special and 16 cents building; San Carlos, 29 cents special and 14 cents building, and Menlo Park, 30 cents special.

Shortridge Sister Passes at L. A. Residence

Legal circles in San Francisco and throughout the nation Monday mourned Mrs. Clara Shortridge Foltz, first woman ever admitted to the California bar, who died at her Los Angeles home after a 10-day illness. She was 84 years old.

A sister of former United States Senator Samuel Shortridge of Menlo Park, Mrs. Foltz for many years campaigned for women's suffrage. She was active in Republican politics and in 1930 ran for the Republican nomination for governor.

She was admitted to the bar in 1879, having personally drawn up the law which today permits women to engage in legal practice, and was the third women in the United States to be admitted to the profession.

Her husband, J. D. Foltz, died several years ago. A daughter, Mrs. J. W. Catron of Santa Fe, N. M., former Broadway stage star, survives.

McQueen Appointed As Notary Public

Announcement of the reappointment of George McQueen as a notary public for the county of San Mateo was made today by Gov. Frank F. Merriam. The new term is for four years ending in 1938.

The petition was signed by Judge Franklin Swart and was approved by Frank C. Jordan, secretary of state.

CITY TO ASK APPRAISAL BY RAILROAD COMMISSION OF POWER SYSTEM HERE

First step toward the ultimate acquisition by the City of Redwood City of the Pacific Gas and Electric Company's electrical distribution system within the city was taken Monday night by the city council.

It consisted of the decision to ask the state railroad commission to make an appraisal of the Redwood City properties of the P. G. and E. Cost of the appraisal is estimated at $5,000.

Opposition to the plan was immediately voiced by Councilmen James Eva, Louis Christensen and Evans Fletcher, new members of the board, and by Louis W. Jenkins Jr., 144 Somerset street.

Anticipating such a move because of the report recently filed by the city-wide Citizens' Advisory Board advising the city council to acquire the utility, the P. G. and E. had ample representation on hand to take in the proceedings last night.

Councilman Eva declared himself "not voting against the acquisition" but expressed the opinion that a mass meeting should be held to sound out public sentiment on the proposal. If such a meeting demonstrates that one third of the city is opposed to the plan then it would be foreseen that the utility acquisition would be defeated, Eva said.

In advocating the acquisition step at this time Councilman Paul McCarthy cited the report of the Citizens' Advisory Board's utilities committee headed by Philip Owen showing huge profits to cities now operating their own utilities.

Some of these cities and their profits were:

Palo Alto, $79,256; Redding, $44,227; Riverside, $168,486; Burbank, $79,712, and Roseville, $33,886.

Councilman Eva said he questioned if the electric profits were as "lucrative" as reports indicated in a reply to a question from Councilman McCarthy that he had yet to find a report showing any electric utilities were being operated at a loss.

Councilman Robert Jones, who said he had sought office for the purpose of drastically reducing taxes, declared that he has found the task calls for some such step as acquisition of the utility. Efforts of the council to reduce taxes to the point where the people could pay have failed, Jones said, as demonstrated by the large list of delinquencies.

If the utility step had been taken a year ago, Jones said, the council would have been able to reduce taxes 50 per cent this year.

Jenkins voiced a protest to governmental costs in Redwood City, and said he believed the profits from the electric utility will not be as great as anticipated.

Councilman McCarthy answered Jenkins by stating that his "whole argument was colored" by the fact that he was "constitutionally opposed" to municipal ownership through his connection with a firm engaged in the business of owning securities.

Speaking of the affect the step would have on the local P. G. and E. set-up, Councilman McCarthy said the acquisition of the electrical distribution system would not disturb the utility which would continue to serve the district exclusive of Redwood City. The power plant of the firm would not be acquired.

Employes of the concern except for those who would seek employment with the city would not be affected, it was stated.

Artichoke Moth Extermination Experiment to Cover 10 Acres

San Mateo county's artichoke plume moth experiment, designed to reduce the ravages of the pest that normally causes 25 per cent of the artichoke crop to be damaged by worms, will be set up for the winter again within the next few days, it was announced today by County Agricultural Commissioner Max J. Leonard.

This year 10 acres will be covered with midnight blue neon lamps, one to the acre, on the Francis Dutra ranch at Half Moon Bay. Electric grids about the lamps will be used to kill the moths.

In the first phase of the experiment last winter lamps of other colors were also used, but it was found that the midnight blue had the greatest attraction to the moths. No attempt will be made this year to check on the number of moths killed, the results of the experiment being based on the percentage of wormy artichokes.

The agricultural commissioner's office is co-operating with Prof. W. B. Herms of the University of California in staging the experiment.

Burlingame Council to Retain Police Chief John J. Harper

Contradicting rumors current since the primary election of a week ago, Mayor Allan F. Hunt of Burlingame announced at the city council meeting there last night that John J. Harper, defeated candidate for sheriff, would be retained as Burlingame police chief.

The council also decided to pay Chief Harper's expenses to attend the convention of the International Police Chiefs' Association at Washington late this month.

In making his announcement of a decision reached in executive session, Mayor Hunt declared that the council was in harmony and praised Chief Harper highly in saying that his services to Burlingame were eminently satisfactory.

James Murphy, Burlingame's veteran city clerk, was given a two months' vacation with pay. The council there also officially canvassed the votes cast in the city's special sewer bond election held last week.

$231,000 Crash Suits Dismissed

Five suits growing out of a "Big Game night" automobile tragedy last fall on the Bayshore highway in which four persons were killed and seven injured and asking for a total of $231,000 in damages have been settled out of court.

This was revealed here today when the plaintiffs in the five suits, brought against Donn B. Tatum, Stanford student, and his parents, Mr. and Mrs. Frank P. Tatum of Los Angeles, filed dismissals "with prejudice."

The plaintiffs were Nellie Racey and Irene Johnston, relatives of Al D. Racey, driver of one of the cars in the crash, who was killed; Dorothy and Charles Clotere, F. G. Francis, Ruth Stewart and Maxine Tallman, all of whom were injured.

Recreation Group Names Harris Head

Selection of Herbert Harris, of Burlingame, as chairman of the San Mateo County Recreation Commission was announced today.

He succeeds City Manager E. A. Rolison, who held that post for the past year. Rolison this year will act as secretary of the commission.

Negress Injured Badly in Crash

Miss Florida Moore, 25, Negress, of 1414 East Twenty-fifth street, Los Angeles, was critically injured at about 9:30 o'clock Wednesday when the car in which she was riding with her brother, George Moore, 27, overturned on the Bayshore highway near San Carlos.

At the Community Hospital it was said that she suffered a fracture of the skull in the accident. The brother escaped with a back injury and bruises on the arm.

The accident occurred, according to a report filed by State Traffic Officer James Dalziell, when the Moores swung to the left on the highway to pass a truck driven by Andrew Hansen of Redwood City. Their car was slightly ahead of him, Hansen told the officer, when it suddenly overturned. It is not known which one of the two was driving the car.

RENTS CORPORATION YARD

M. L. Reese, 621 Heller street, was given permission by the city council Monday to establish a second hand business in the old corporation yard on Chestnut street. He will pay a nominal rental for use of the premises.

Use of Labor Of Peninsula Board's Goal

$500,000 Development In Visitacion Delayed

Request of the San Francisco-San Mateo Agricultural District 1-A directors for $12,000 toward the proposed $500,000 livestock pavilion in Visitacion Valley was held up for one week Monday by the board of supervisors.

The $12,000 would have come to the district through the cancellation of street bond obligations by the county.

W. L. Douglas, secretary of the district, and Attorney W. H. Morrissey, Redwood City, made the appeal for the county's contribution.

The $12,000 obligations stand against the Ratteree tract in Visitacion Valley, which has been selected as the site of the proposed livestock pavilion. It will cost $25,000.

Douglas and Morrissey informed the board that the $12,000 would be the county's total obligation on the $500,000 development. They said the state and San Francisco would each contribute $250,000 toward the project.

Supervisor John Poole, Redwood City, declaring that he favored any development which would assure employment to peninsula residents, was wary of the new proposal because San Mateo county men did not secure work on the new Hetch Hetchy pipeline.

Douglas informed the board that he could make no commitments as to the labor because this was a matter in the hands of the eight directors of the district. The San Mateo county directors are E. J. Tobin, Charles Howard, Robert P. Holliday and Thomas L. Hickey.

Supervisor Albert Witt, Colma, saw little possibility of securing employment for peninsula men on the project because part of the land to be acquired is within San Francisco and that city's charter calls for hiring of San Francisco men on public proposals.

The board, upon motion of Supervisor Manuel Francis, seconded by Supervisor Rosalie Brown, San Mateo, put the decision over for one week.

Work Will Start Soon on Four New Courts

Work will be underway in Redwood City within another week on four tennis courts—two new ones to be located in Mezes Plaza and two old ones to be resurfaced at Sequoia high school.

The city council Monday selected Mezes Plaza for the new courts. Mezes Plasa is at Warren and Standist streets. California Square, near the courthouse, was mentioned as a prospective site.

The Mezes Plaza courts will be done under SERA and will cost $2,261, $1,641 of which will be city funds.

Work on the Sequoia courts will be done jointly by the high school and city, the school to supply the materials and the municipality the machinery and supervision. W. O. Tyson, local contractor, opposed this plan because he said the city was going into the contracting business.

San Mateo Boy Killed in Crash Near Modesto

Modesto Centana, 4, of San Mateo, son of Mr. and Mrs. Manuel Centana, was fatally hurt and four other San Mateo residents were injured when their roadster swerved out of control and overturned Sunday night on the Keyes-Montpellier road near Modesto.

The child died in a Turlock hospital hours after the accident.

The injured:

Manuel Centana, 30, father of the dead boy and driver of the car, slight cuts and bruises.

Mary Centana, 8, a daughter, severe lacerations, bruises and shock.

Mrs. Mary Flores, 45, San Mateo, broken jaw, fractured ribs, internal injuries.

Roy Laity, 24, San Mateo, minor cuts and bruises.

The elder Centana and Laity were able to leave the hospital after receiving medical attention, but the Centana child and Mrs. Flores will be under treatment for days.

Traffic Officer Emmett Elmore, who investigated, said the two children were riding in the rumble seat of the roadster.

All were hurled clear of the machine when it overturned.

Col. Scott Smith Files $125 Expenses

Col. Walter Scott Smith, one of the candidates for sheriff in the August 28, primary election, today filed an affidavit with County Clerk Elmore B. Hinman showing campaign expenses of $125.66.

Of this sum $27 was reported as contributed and $98.66 paid out by the candidate himself.

Maggiore Estate Petition on File

Special letters of administration for the estate of Peter Maggiore, who died at San Mateo on August 28, had been petitioned in the superior court today by Mrs. Hazel Maggiore, of San Mateo, his widow.

The principal portion of the estate is declared to be the "112 Club" which Maggiore operated at 112 Pine Street, San Francisco, and from which he is asserted to have obtained an income of $300 a month.

Mrs. Maggoire alleges that she was named executrix of her husband's estate by his will. Her attorneys are W. E. and John D. Foley.

Chaplin Wealthiest Hollywood Resident

HOLLYWOOD, Sept. 5 (UP)—Charlie Chaplin, who makes motion pictures on very rare occasions, still is the wealthiest man in Hollywood, the county tax collector revealed today in his annual roundup of records. Total valuation of his property was set at $3,279,340.

William P. ("Will") Rogers owns horses, mules, cows, houses and things worth more than $1,000,000. Mary Pickford's wealth is nearly $2,000,000 while Douglas Fairbanks' just tops the $1,000,000 mark.

Garbo, rated at $300,000 a picture, is on the lists for $80 for an old model car. She bought a new machine too late to make the tax rolls.

Single Shot Kills Mother, Baby Snakes

LONGMEADOW, Mass., Sept. 5 (UP)—With a single shot from his revolver, Game Warden John T. Whyte killed 35 water snakes. He espied a large water snake in the Connecticut River and fired from a distance of 50 feet. The bullet went true. When he dragged the snake from the water he found 34 baby snakes inside the mother.

ALBINO DEER REPORTED

MENOMINEE, Mich. (UP)—Police Chief Frank Parsek recently reported seeing an albino buck deer while driving in the country. The buck, pure white with the exception of a small patch of brown on his back, weighed about 175 pounds, Parsek estimated. White deer occur rarely, game authorities declare.

Mail Carriers Urge Forced Retirement

RIVERSIDE, Sept. 5 (UP)—The California Association of Letter Carriers today stood on record favoring compulsory retirement of postmen after 30 years' service following action of the auxiliary in backing unanimously a plan to grant widows a pension equal to 50 per cent of the carriers' fee.

The carriers' convention, in session here, chose Bakersfield as the scene of the 1936 meeting.

REMOVE COURTHOUSE BELL

STEUBENVILLE, O. (UP)—Because supports under it have weakened, a 64-year-old bell atop the Jefferson county courthouse here is to be removed. The bell was used decades ago to call attorneys to the courtroom.

IT'S WHAT IS IN THE CAN THAT COUNTS!

Here's the *Proof* of Ward Paint Quality!

Don't trust the *looks* of paint! Demand the formula. (The Certified formula is on every can.) Water, for instance, thickens paint, makes it look good. The diagram below tells the story. Low grade paint, costing little less than Certified, may be made like the actual one pictured. 63% of it will evaporate in a few hours! Certified will give you 400 sq. ft. two-coat coverage per gallon, and last for years!

Left Analysis of an actual can of paint near the cost of Certified. It will wear off in a year causing extra heavy repainting costs!

Burlingame Man Speeds Airplane To Aid Captain

BURLINGAME, Sept. 4.—Through the good offices of former Council man A. A. Hock of Burlingame, and Mrs. Hock, a speeding airplane was bound today on a 2000-mile flight of mercy to the aid of a seriously injured captain of a San Francisco steamer.

Capt. H. Engalls, skipper of the Associated Oil tanker Tulsagas, was injured yesterday morning. The ship, bound for New York, put in at Acapulco, Mexico, to secure medical treatment, but none was available.

Hock, credit manager of the Associated Oil Company and a passenger on the tanker, radioed his wife at her home here, and she in turn communicated with company officials.

As a result, a plane piloted by Robert Hancock, took off for Acapulco. At Los Angeles it was to pick up a physician. It is thought that Captain Engalls may be returned by air if his condition permits.

Real BLOW-OUT PROTECTION at no EXTRA COST

HERE'S WHERE YOU GET THE TIRE WITH THE GOLDEN PLY!

NEW INVENTION PREVENTS GREAT CAUSE OF BLOW-OUTS

Now, to protect you from blow-outs, every new Goodrich Safety Silvertown has the amazing Life-Saver Golden Ply. This remarkable invention resists intense heat generated inside the tire. Rubber and fabric don't separate. Thus blisters don't form. The great unseen cause of blow-outs is prevented before it starts.

Best of all, you don't pay a single penny extra for this life-saving protection. Come in today and get the priceless feeling of security that only Golden Ply Silvertowns can give you.

THIS GUARANTEED TIRE MAY SAVE YOUR LIFE

When you buy a Goodrich Silvertown your money is safe. Because every Goodrich Silvertown passenger car tire is fully guaranteed for 12 months (business use, 6 months) against accidental damage due to cuts, bruises, blow-outs, rimcuts, faulty brakes, wheels out of alignment and ordinary wear and tear.

But what is more important, when you buy a Goodrich Silvertown you may be saving your life. For every Silvertown has the Golden Ply that protects you from high-speed blow-outs.

Two Crashes Occur Here; None Injured

Two automobile collisions occurred in Redwood City last night, but none was hurt.

At 8:30 p. m. cars driven by Jeanne Manders, 228 Elwood street, and Vincent Gaso, Menlo Park, struck on Main street near Broadway as the former was backing out of an alley, according to the report to police.

The second crash was at 9:45 p. m. at the Bayshore highway and Main street intersection between cars driven by Mrs. A. P. Jordan, 232 Junipero street, and G. Bauchero, 6 Line street, South San Francisco.

According to a Russian scientist, the human eye moves involuntarily about 100 times a minute.

BRIDGING San Francisco Bay with ICE REFRIGERATORS

The San Francisco Bay Bridge could be lined from end to end and back again with the *ice* refrigerators that California women are buying this year from their ice companies.

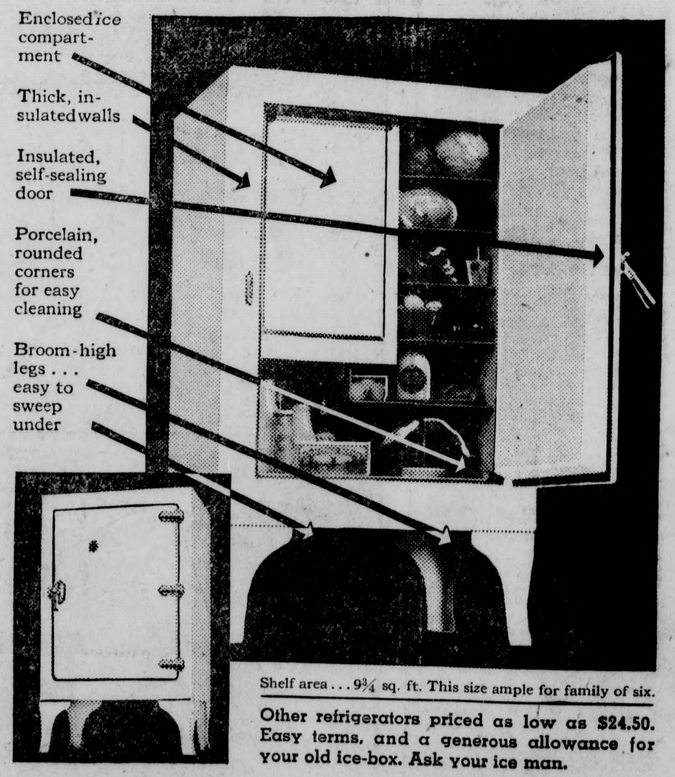
That's a lot of *ice* refrigerators. Fifteen thousand of them... each one bringing perfect refrigeration to some California home... and at the same time building prosperity for the state.

Two of the largest *ice* refrigerator factories in the nation ... located here in California ... are working twenty-four hours a day to meet this demand. And the supplying of pure, crystal clear *ice* for these refrigerators is a home industry that pays millions of dollars for wages and supplies within the state.

ICE IS CHEAPER AND BETTER

But no mere desire to support local industry could account for any such demand. The reason's much closer to home. Alert housewives are discovering that a modern, low-temperature *ice* refrigerator is cheaper to *buy* and cheaper to *own*. And they're learning as well that only *ice* provides the *non-drying* cold that keeps foods fresh and tasty.

This Low Temperature Ice Refrigerator
$44.50
Beautiful in Design ... Scientific in Every Detail
Uses Less Ice .... Keeps Foods Colder ..



Enclosed ice compartment
Thick, insulated walls
Insulated, self-sealing door
Porcelain, rounded corners for easy cleaning
Broom-high legs ... easy to sweep under
Shelf area ... 9¾ sq. ft. This size ample for family of six.

Other refrigerators priced as low as $24.50. Easy terms, and a generous allowance for your old ice-box. Ask your ice man.

THINK TWICE AND YOU'LL USE ICE

County Opens Transit Fight

Peninsulans See Loss Of Population With Span Completion

The peninsula may commence a fight to the last ditch for the inclusion of an adequate rapid transit system for this suburban area in any projected system to be built to serve the East Bay district upon completion of the San Francisco-Oakland bay bridge!

Members of the Peninsula Rapid Transit Committee at a meeting last night in San Mateo discussed this possibility and plans to resort to legal action before federal authorities to force the peninsula's inclusion on the grounds that the move to serve the East Bay communities alone would be discriminatory.

This action would be taken in the hope that the government would require inclusion of San Mateo county in any rapid transit plan for which federal grants and loans might be made.

At a recent conference in San Francisco, it was revealed at last night's meting, peninsula representatives were told that they had been too tolerant merely to preserve harmony and should right more actively for this section. They were also informed that they would have the backing of the Downtown Association of San Francisco and other civic organizations.

Guy F. Hayler, engineer and planning specialist, told the group that not only the peninsula but also San Francisco itself might lose by the new bridge if the rapid transit system accompanying it is not balanced to include the peninsula and outlying points in San Francisco.

Plans for the transit project have progressed so far that C. H. Purcell, engineer for the bridge authority, is taking steps to apply for financial aid from the Reconstruction Finance Corporation.

Gasoline Siphoned From Parked Auto

Eight gallons of gasoline were drained or siphoned Sunday from the tank of an automobile standing on the parking lot near the Southern Pacific station here, according to a report to the Redwood City police.

Ogden Harbold, Route 2, Box 261, reported that the theft occurred between 8 and 11 p. m., the period in which he left his car parked.

Peninsula Girl Weds S. F. Brokerage Head

Motoring through California today, Miss Louise Reno, San Mateo, and Sidney Bazett, president of American Brokerage, Bank of America subsidiary, were honeymooning today following their marriage in the First Congregational Church, San Mateo.

The couple met on a San Mateo tennis court and romance blossomed. The bride, a graduate of San Mateo Junior College, is the daughter of Mr. and Mrs. Joseph Wilson Reno.

Get more orders by Telephone!

Inter-city Telephoning is the effective, economical way of handling a large part of your out-of-town business.

Salesmen use it for making appointments, and supplementing visits in person. Sales managers use it to maintain close, quick control of their field forces; to adjust misunderstandings; to quote prices.

Nothing does so much for so little as your telephone.

NATURAL GAS DEPENDABLE

for SKYSCRAPER or BUNGALOW

Only GAS HEAT does a thorough job!

IN the newer homes and in practically all of the spic and span new apartment buildings Natural Gas is the preferred fuel. And why?

It is the dependable fuel. When you want it, it is ever-ready to serve quietly and efficiently, without ordering or storing or handling.

It is so easy to put to work and keep at work. Modern gas heating equipment is controlled in operation by automatic thermostat, electric buttons or handy manual control. Quick and silent to start or stop, it is ideal for either short periods of heating or hour after hour of comfort giving warmth.

It is the clean fuel for it is delivered clean and burns clean. Even through but one winter heating season the money Natural Gas heating saves in cleaning and redecorating costs goes a long way toward paying your heating bills.

Only Natural Gas heating does this thoroughly dependable job of carefree, clean heating. Why not have Natural Gas heat? Enjoy the extra benefits this modern heating gives you. Make the change to Natural Gas this month—right now!

An ancient Greek myth states that the anemone sprang from the passionate tears shed by Venus over the body of the slain Adonis.

Troublesome eagles in Texas are being chased and killed by air planes. The birds have been preying on spring lambs.

Blubber now is believed to be the equipment that enables whales to withstand the pressure of great sea depths.

WE INVITE YOU..

FRIDAY and SATURDAY

To participate in the many specials marking the opening of our larger store in a new location. We wish to express our appreciation to our many old customers and friends for their past patronage.

And we sincerely hope that you will take this opportunity to drop in and see us in our new quarters. Those whom we have not previously served will be pleasantly surprised at the large stock of dishware, art goods, toys and novelties which the Variety Shop carries at prices extremely modest.
